Dedication

The people of Hampstead dedicate this Town Report to

Police Chief WILLIAM J. LETOILE, Jr.
for his years of faithful service to our Town.

Chief Letoile chose not to run for reelection in the year 2000 after a long and successful career. Bill joined the Police Department in 1962 and was appointed as Deputy Chief in 1966. He served as our elected Chief continuously for 30 years.

He made many changes in the department during his years as Chief. He took the department from an "on call" department located upstairs in the Town Hall to a 24-hour department in a new centrally located police station. When he started, the dispatch duties were done by his wife, June, in their kitchen at his home. He was instrumental in formulating a mutual aid pact with surrounding communities. He also helped to form Family Mediation and Juvenile Services, and for 25 years he was the department prosecutor. We just don't see the likes of Chief Letoile too often.

Hampstead was Bill's town. He graduated from Hampstead High School and received a B.S. from UNH. Bill has made a dedicated commitment to his town and community throughout his life. He coached Little League and Babe Ruth baseball, was president of the Civic Club, and served as a member of the Hampstead School Board for 6 years. He was a past president and treasurer of Haverhill Rotary Club, and on the board of directors of Family Savings Bank.

We wish both Bill and his wife June a long and enjoyable retirement.

ARTICLES

Article #2 Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Hampstead Building Code as follows: To adopt the BOCA National Building Code 14, Edition, 1993, and to increase all building, plumbing, and electrical, fire, and health fees and inspection fees as set forth in said Amendment. A sample of the proposed fees are as follows: \$50.00 Building permit Residential for all construction valued at \$50,000 or more; \$50.00 Foundation permits; \$25.00 Driveway permits; \$30.00 Heating permits; \$25.00 \$35.00 Heating on oil tank permits; \$30.00-\$40.00 Fire Department inspection; \$30.00 Health inspection; \$45.00 Septic inspection; \$30.00 Plumbing inspection; \$25.00-\$90.00 Electrical inspection; \$0.25 per square foot Commercial building permit plus \$180.00 for plan review and processing of new construction; \$300.00 Renovations of \$50,000 or more.

YES \leftarrow 1150 \rightarrow

NO \leftarrow 1038 \rightarrow

Article #3 Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Hampstead Zoning Ordinance for elderly housing as follows: To permit increased density for and to regulate the development and construction of residential developments covenanted for occupancy only by persons who are 55 years old or older and their spouses (allowing for a live-in care giver where the owner's association approves). The increased density would not be allowed to exceed 80% of the maximum density allowed by the State of New Hampshire, excluding (i) wetlands, (ii) 15% or greater slopes, (iii) poorly and very poorly drained soils and (iv) bodies of standing water.

Each unit would be limited to two (2) bedrooms and recorded covenants, enforceable by the Town (if the Town chooses to enforce such), would be required to ensure the continued use for and by "elderly" residents only.

YES \leftarrow 1441 \rightarrow

NO \leftarrow 702 \rightarrow

Article #4 Are you in favor of the Adoption of Amendment No. 3 as proposed by the Planning Board for the Hampstead Zoning Ordinance as follows: To enact a "Gravel" (removal) Ordinance whereby the standards and requirements for and limitation on a permit to excavate sand and gravel, etc. and a procedure for applying for such permit are established (in addition to the requirements of State law imposed on such excavations). The ordinance would require a public hearing before the Planning Board to ensure a proper reclamation plan and provide for conditions of operation. If an approval from the Planning Board is obtained, the applicant must also satisfy, as a joint public hearing with the Planning Board, the Zoning Board of Adjustment that the operation will not diminish surrounding property values, no accelerated deterioration of roads, no nuisances or public health or safety situations will be created. If the Zoning Board of Adjustment grants a special exception for excavation (i) it can only be granted for parcels located in the four (4) commercial zones, (ii) it will require an annual permit renewal from the Planning Board after a public hearing on previous compliance, and (iii) the payment of a \$50 permit fee each year.

YES \leftarrow 1434 \rightarrow

NO \leftarrow 646 \rightarrow

Article #5 Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Hampstead Zoning Ordinance as follows: To define "piggery" as the keeping of more than two (2) pigs for home consumption or the keeping of any pigs for commercial purposes.

YES \leftarrow 1432 \rightarrow

NO \leftarrow 683 \rightarrow

Town Clerk

ARTICLES CONTINUED

Article #17 To see if the town will vote to adopt the following new ordinance: **NOISE ORDINANCE**

Section 1. **DEFINITIONS.** As used in this ordinance, the following terms will have the following meanings, unless the context clearly indicates that a different meaning is intended:

Town: The Town of Hampstead

dBa's: Decibels shown in a reading made on the dBa scale

Decibel (dB) A unit for measuring the volume of a sound equal to twenty times the logarithm to the base ten of the ratio of the pressure of the sound measured to the reference pressure, which is twenty micropascals (twenty micronewtons per square meter)

Point of Annoyance: the location of the vehicle, sound system, watercraft, or device from which any noise which might be violative of this ordinance is emanating.

Property Line: In the case of a single-family lot or single commercial or industrial business or operation on one lot, "Property Line" shall mean the legal boundary between such lot and any abutting lot. In the case of condominiums or other multi-family parcels or commercial or industrial parcels which contain more than one owner or tenant on the same lot, "Property Line" shall refer to the outside (or middle of any interior) wall of any individual unit or tenancy which houses or from which any noise which might be violative of this ordinance is emanating.

Sound level meter: An instrument used for measurement of the intensity of sound and accurately calibrated in decibels. Readings will be made on a dBa scale.

Sound pressure: The average rate at which sound energy is transmitted through a unit area in a specified direction.

Vehicular: Pertaining to motor vehicles required to be registered by the Division of Motor Vehicles for the State of New Hampshire.

Section 2. RESTRICTIONS

A. The making, creation, or permitting of any unreasonable loud, disturbing, or unnecessary noise in the town is prohibited.

B. The making, creating, or permitting of any noise of such character, intensity, or duration as to be detrimental to the life, health, or welfare of any individual or which either steadily or intermittently annoys, disturbs, injures, or endangers the comfort, repose, peace, or safety of any individual is prohibited.

C. The following standards will apply:

1. Residential zones. No person will cause, suffer, allow, or permit sound from any source which, when measured at the person's property line, is in excess of:

a. 7:00 a.m. to 10:00 p.m.:

(1) Continuous airborne sound which has a sound level of sixty-five dBa's

(2) Impulsive sound in air with an impulsive sound level of eighty dBa's

b. 10:00 p.m. to 7:00 a.m.:

(1) Continuous airborne sound which has a sound level of forty dBa's

(2) Impulsive sound in air which has an impulsive sound level of fifty dBa's

2. Industrial and Commercial zones. No person will cause, suffer, allow, or permit sound from any source which, when measured at the point of annoyance, is in excess of:

a. 7:00 a.m. to 10:00 p.m.:

(1) Continuous airborne sound which has a sound level of sixty-five decibels

(2) Impulsive sound in air with an impulsive sound level of eighty decibels

b. 10:00 p.m. to 7:00 a.m.:

(1) Continuous airborne sound which has a sound level of forty decibels

(2) Impulsive sound in air which has an impulsive sound level of fifty decibels

Section 3. **DECLARED UNNECESSARY NOISES ENUMERATED.** The following acts, among others, are declared to be loud or disturbing or unnecessary noises in violation of this ordinance even if the noises referred to do not violate the standard noise level for the town.

A. Horns, signal devices and the like.

1. The sounding of any horn or signal device of any automobile, motorcycle, bus, or other vehicle:

a. While not in motion, except as a danger signal that another vehicle is approaching apparently dangerously; or

b. If in motion unless:

(1) As a danger signal or warning to an apparently unaware driver or pedestrian

(2) Before passing another vehicle as a signal of intent to so pass

(3) Where state motor vehicle statutes require the sounding of such horn or signal device; or

(4) When otherwise necessary as a danger signal

2. Wherever the sounding of any horn or signal device is permitted or required such sound will not be unreasonably loud or harsh and will not be for an unreasonable duration of time.

B. Animals and birds. The keeping of any animal or bird which, causing frequent or long-continued noise, disturbs the comfort, and repose of any person in the vicinity.

C. Defect in vehicle or noisy load. The use of any automobile, truck, tractor-trailer, motorcycle, or other vehicle so out of repair or loaded in such a manner as to create loud or unnecessary grating, grinding, rattling, or other noise.

D. Steam whistles. The flowing of any steam whistle attached to any stationary boiler, except to give notice of the time to begin or stop work or as a warning of danger.

E. Exhausts. The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine, motor vehicle, water craft, or motor cycle engine except through a muffler or other device which meets the standards established for such devices by applicable state laws and regulations of the State of New Hampshire.

F. Mechanical devices operated by compressed air unless the noise created thereby is effectively muffled and reduced.

TURN BALLOT OVER AND CONTINUE VOTING

ARTICLES CONTINUED

- G. Schools, courts, churches, and hospitals. The creation of any loud or excessive noise on any street adjacent to any school or institution of learning or judicial court while the same are in session or on any street adjacent to any hospital, which noise unreasonable interferes with the workings of such institutions; this restriction will be in force only if signs are displayed in such streets indicating that the same is a school, hospital, or court street or quiet zone.
- H. Loading or unloading of vehicles, opening or destruction of boxes. The creation of a loud or excessive noise in connection with loading or unloading any vehicle or the opening or destruction of bales, boxes, crates, and containers.
- I. Devices attached to buildings. The sounding of any bell, gong, or device attached to any building or premises, particularly during the hours between 11:00 p.m. and 7:00 a.m., which disturbs the quiet or repose of any persons in the vicinity of the devices. This rule will not apply if the bell, gong, or device is sounded as a warning of danger or constitutes an intruder alarm.
- J. Vehicles and buses. The unnecessary or prolonged blowing or sounding of any horn, whistle, bell, or other device attached to any motor vehicle, bus, or truck while passing through the town or while loading passengers or freight within the town.
- K. Loudspeakers and amplifiers on vehicles. The use of mechanical loudspeakers or amplifiers on trucks or other vehicles for advertising or other commercial purposes, except where a specific license or permit is received from the Police Department.
- L. Construction or repair of buildings. Construction, demolition, repair, paving, or alteration of buildings or streets or excavation when conducted between the hours of 7:00 p.m. and 8:00 a.m. (9:00 a.m. on Sundays), except in emergencies.

Section 4. NON-VEHICULAR NOISES RESTRICTED. No person will use or operate any facility, machine or instrument or produce or cause to be produced any sound in the town, when the same will produce noise, the sound-pressure level of which measured at the point of annoyance complained of will exceed the standard noise level of the town established for that location for that time of day. In measuring noises to determine if the standard noise level of the town has been exceeded, the measurement will be measured on the A-weighting of an accurate sound-level meter. The background sound level is defined as the sound level present when the offending noise source is silenced.

Section 5. VEHICULAR NOISE RESTRICTIONS.

A. No person will operate, within the limits of the town, any vehicle which will emit noise which will exceed the standard noise level of the town established for the size vehicle when used under ordinary circumstances.

For noncommercial vehicles, the standard noise level of the town is hereby established as follows:

Type of Vehicle	Maximum Noise Level (dbA's)
Vehicles other than motorcycles	76
Motorcycles and watercraft	82

B. Measurement will be taken fifty feet from the source.

Section 6. EXEMPTIONS. Exemptions from noise level limits will be as follows:

- A. Emergency construction, repair, paving, demolition, or alteration of a street or building. Permission of the Selectman will be proof that such an emergency exists.
- B. Emergency activities of municipal, county, state, or federal government agencies and emergency activities of public utilities when they are seeking to provide electricity, water, or other public utility services and the public health, safety, or welfare is involved.
- C. Warning devices on authorized emergency vehicles and on vehicles used for traffic safety purposes.
- D. Attendant on-site noise connected with the actual performance of sporting events.
- E. Power lawn mowers, when operated between the hours of 8:00 a.m. (9:00 a.m. on Sundays) and 10:00 p.m.
- F. Snowblowers/Emergency Power Generators
- G. Air conditioners that increase the background or ambient noise level by no more than five dbA's

Section 7. SOUND MEASUREMENTS. Sound measurements will be made with a sound-level meter.

Section 8. PREVAILING STANDARDS. Whenever any provision of this ordinance conflicts with any other applicable municipal, county, state, or federal ordinance or statute, the higher standard will prevail.

Section 9. SEVERABILITY. The provisions of this ordinance are severable. If any provision of this ordinance or its application to any person or circumstance is held invalid, such invalidity will not affect other provisions or applications of this ordinance which can be given effect without the invalid provisions or application.

Section 10. NUISANCE, INJUNCTION. Any violation of this ordinance is declared to be a nuisance. In addition to any other relief provided by this ordinance, the Selectman may apply to a court of competent jurisdiction for an injunction to prohibit the continuation of any violation of this ordinance. Such application for relief may include seeking a temporary restraining order, preliminary injunction, and permanent injunction.

Section 11. PENALTY. Any person, firm, or corporation violating any provision of this ordinance will be fined no more than One Hundred Dollars (\$100) for each offense, and a separate offense will be deemed committed on each day during or on which a violation occurs or continues.

Article #18 To see if the town shall vote to adopt the following ordinance: **ORDINANCE**

No person shall either way upon or remain upon any public way or enter way to any public building in any manner which obstructs the reasonable and safe free passage of any other person, nor shall any person obstruct the free, convenient and safe use of any public sidewalk, street, highway, bridge, alley road or other passageway nor the entrance, corridor or passage of any public building by impeding, hindering, retarding, delaying, or otherwise restraining either pedestrian or motor vehicle traffic thereon or the passage thereof.

The word "person" shall include either one person or more than one person, whether as a pedestrian or while either the operator of or a passenger in a motor vehicle. Any person who shall violate any of the provisions of this ordinance shall be fined upon conviction not more than One Thousand Dollars (\$1,000.00) for each offense. This ordinance shall not be deemed to prohibit or interfere with the freedom of lawful public assembly or the free expression of political speech or other free speech, provided those assembled do not and the speaker does not unreasonably intimidate, nor touch in any manner, nor harass, nor assault any other person in the exercise of such assembly or speech. **EFFECTIVE** This ordinance is in addition to all other ordinances heretofore adopted and shall become effective (i) sixty (60) days after its passage by the voters of Hampstead, or (ii) the passage of a constitutional amendment validating NH RSA 31:39-a whichever last occurs.

Article #19 To see if the Town will vote to close, i.e. discontinue those portions of "Hastings Drive" (consisting of approximately .02 acres) in the aggregate, and show as Parcel "B" and Parcel "C" on a plan entitled, Tax Map 8-A, Lots 34 and 80, Lot Line Change Plan of Land in Hampstead, NH, as drawn for the Town of Hampstead, dated September 14, 1999, Sale 1" -20" by James M. Lavelle Assoc., to be recorded in the Rockingham County Registry of Deeds, subject to the Selectman's altering by layout of a portion of Hastings Drive to exclude said Parcel "B" and Parcel "C".

Voter Registration	Record Retention
Land Fill Permits	UCC Filings
Marriage Licenses	Vital Statistics Filing

I have served the Town of Hampstead as Town Clerk/Tax Collector since September 1989. In the last eleven and one half years we have experienced areas of change; in population, technology, and new services to better meet the needs of our growing community.

The office has experienced growth in technology, as well as building structure, giving us the tools necessary to service our residents' needs. Technical advances include automobile renewals by mail; a voice mail phone system to assist the needs of residents 24 hours a day. In preparation for the year 2000 Y2K compliance, all software was tested and up-graded, consequently the year passed without a glitch.

Since 1992 there has been a 32% increase in the number of registered voters in Hampstead. The year 1997 brought Senate Bill 2 to our Town Meeting form of Government. Thus each voter is now offered the privacy of a voting booth when choosing what he feels are appropriate measures to meet the needs of the Town and School District; I believe participation on all levels has increased due to this. The year 2000 ended with 35% voter turn out for the presidential election and unlike Florida we knew our results within an hour of the polls closing.

Serving the property tax needs has been a challenge due to the new State Education Property tax, which the town is collecting for the state. The explanation and implementation of which meant a slight delay in the tax bills the first year while the state ironed out the details; with more changes yet to come. But still the Town of Hampstead has a 98% collection rate, therefore doing more investing than borrowing.

Due to the volume and variety of services this office provides to the residents, a detailed procedure manual has been created to insure consistency in the quality of work achieved.

Respectfully submitted,

Nancy H. Watson, CMC, CTC

Independent Auditor's Report

To the Board of Selectmen
Town of Hampstead, New Hampshire

We have audited the general purpose financial statements of the Town of Hampstead, New Hampshire as of and for the year ended December 31, 1999, and have issued our report there on dated March 22, 2000.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of the Town of Hampstead, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Town of Hampstead, New Hampshire for the year ended December 31, 1999, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Hampstead, New Hampshire in a separate letter dated March 22, 2000.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record, and its distribution is not limited.

Hecher, Olney & Co., PC

Selectmen's Report

The year of the Millennium was a quiet one for the Selectmen's Office, with the fervor of the 250th behind us. But the memory of that event lives on with the emergence of the new Town Bandstand, which no doubt will be the pride of the townspeople for the next couple of centuries.

More building took place at the Police Station to better take advantage of its existing footprint, as well as house the new computers paid for by \$9k in grant money.

A new phone system now greets callers to the Town Hall, and we hope this has been well received by the populace. It has certainly helped the town staff be more productive.

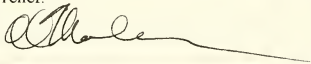

The Selectmen were pleased to accept a donation from the Hampstead Family Sports Fields Association of a new sprinkler system for the Depot Road ball fields. This will greatly benefit the youth of the town. The Selectmen also granted permission to the Pop Warner football supporters for their use of a field, providing it can be made playable with the aid of private donations.

The Town wisely voted to increase the Elderly Exemption, as well as voting to pass a noise ordinance. Now if we'd all take steps to save our children's high frequency hearing, that would be real progress. We might tackle light pollution in town while we're at it.

To help the town residents understand the complexities of building or renovating their properties, the Selectmen arranged for a workshop by the Regional Planning Commission on the topic Planning Board/Board of Adjustment. Now please, no more questions or disputes.

Selectman Howard Davine chose to have a Y2K wedding. Should be easy to remember anniversaries! Joe Guthrie fought a hard campaign for County Supervisor, but lost in a squeaker. Yours Truly spent most of the year either commuting the circumference of the globe or feeding the bluebirds. But a new job has eliminated the former and left more time for the latter, to my great relief.

Alfred Maley, Chairman

Board of Selectmen

Joseph A. Guthrie, Alfred J. Maley, Chairman, Howard A. Davine

Hampstead Public Library Report – 2000

"But why's she got to go to the library?"

"Because that's what Hermione does," said Ron, shrugging. "When in doubt, go to the library."
—from *Harry Potter and the Chamber of Secrets* by J. K. Rowling, c1999.

The people of Hampstead certainly did "go to the library" in 2000. It has been another very busy year. The Library helped the students of Hampstead Central School celebrate the beginning of the new millennium. Students came to the Library to check out books in order to take on the task of reading 'A million minutes'. They succeeded beyond everyone's imagining, and finished their million minutes far ahead of schedule. Congratulations are certainly due to these ambitious young readers!

The Library was high on the priority list of voters in March, when they added \$100,000 to the Capital Reserve Fund designated for finishing the second floor of the building. That means that, if the Town votes yes on the Library warrant article this March, the project can be completed. All year, staff has been busy planning for the project. Meetings were held in the spring, to get input from Hampstead residents. The Friends of the Library provided money to hire the architect to go over the old plans and make appropriate changes. Plans are now complete, and can be viewed at the Library. Malcolm the Mouse, who lives upstairs, is very excited about the prospect of having everyone in Hampstead able to come up and see him when the project is finished. He adds his voice to all those who urge the people of Hampstead to come to the polls on March 13, 2001, to vote yes to finish the Library building project which has been so long in process.

Amidst all the planning for the second floor expansion, regular activities have continued. Summer reading club participants were 'Reading Cats and Dogs' this summer and raindrops collected on the windows of the Children's Room for every one of the 1294 books read by participants during the six weeks of the program. SoSo Whaley presented a very special program, which introduced participants to several interesting animals, including a monkey, a boa constrictor, and a red tailed hawk. Pam Hartung provided an evening of quilting in which participants completed their own wall hangings featuring pets of all kinds. It was a very successful summer!

We were sorry to say goodbye to Debra Hiett, who has moved on to a school library position. We are pleased to welcome Kathleen Hutchins as Children's Librarian. "Miss Kathy", as the children now know her, comes to us with a Masters degree in Library Science from Simmons College and extensive experience at the Haverhill Public Library and the Nesmith Library in Windham. "Miss Kathy" has many new and wonderful program ideas, which she is introducing to the children of Hampstead. We hope everyone will stop in to meet her.

There are two new collections in the Library this year. Due to popular demand, books on CD have been added to our very popular books on tape. This new collection is starting small, consisting of about 40 popular works of current fiction. New titles will be added as space and funding become available. A new item of furniture has arrived in the Library and placed near the periodical shelving. This new 'browser bin' will soon hold a collection of standard music CD's which will be available for check out. The collection will consist of classical music, jazz, show tunes and other mainstream selections. We hope you will find both these new items interesting and useful.

Our group of volunteers continues to provide special help to the Library. Julie Pietrocchio conducted Mothers' Club Story Hours. Margaret Noonan, Jennifer McLeod, Terry Handel, Maxine Stull, Mary Winchell, Dick Turner, Howard Hamel and Stephanie Spyvee have contributed their time and talents to help us provide the very best library service possible.

As always, special thanks go to the wonderful people and organizations that have volunteered time, energy and money to the Library over this past year. The Civic Club continues to support children's programming. The Garden Club spends much loving care on the Story Garden and the plantings in front of the building. Mothers' Club sponsors and conducts two story hours, and provides the funding for half the Boston Science Museum pass. This year, Mothers' Club also provided funds to expand our children's educational software collection on the two computers in the Children's Room. The CRA provided passes to the Portsmouth Children's Museum and the Christa McAuliffe Planetarium. Hampstead Print and Copy reproduces our newsletter.

The Friends of the Library have outdone themselves this year. Under the capable direction of first Lois Chase, and then Dorothy Roderick, the members have raised funds to support the Summer Reading Program, pay for half the Boston Science Museum and the Boston Fine Arts Museum passes, hire the architect for all the preliminary plans for the second floor, and provide promotional materials for the Library such as magnets, pencils and dies for the AccuCut machine. The Friends hope they will soon be able to conduct their major fund raiser, the Hollyhock Thrift Shop in the lower level of the Library, where it can be a year round operation. This year the Thrift Shop was co-chaired by Dorothy Roderick and Mary Coombs. The Holiday House Tour was a great success this year, chaired by Jaye Dimando. The weather was perfect and so were the homes so graciously opened by townspeople for the pleasure of the participants. Special thanks are due to these wonderful people and to all the volunteers who cheerfully gave up a Saturday during the holiday season to help. As a result, the Friends of the Library made \$4,500 which they have turned over to the Library to benefit the building fund. Wonderful Friends, indeed!

The Library has lost two people this year who have been strong friends in the past. Lincoln Palmer, a former Trustee, and Jim Buhler, a faithful volunteer worker, will both be missed.

Patrons Dorothy Pochini, George Tattan and Richard Kolbert have been remembered by family and friends with memorial contributions to the Library. They now have a permanent presence here.

The Trustees encourage all Hampstead residents to come to the polls on March 13th and vote yes on the Library building project article. If this article passes, the elevator will be installed and the second floor will be completed. This project has been pending for many years. Please come and vote, so that it may now be completed.

Report of the Building Department

A total of 238 permits were issued by the Building Department last year and of those, 19 were for new buildings and 219 were for additions, remodels, alterations, pools and sheds.

The majority of the 13 new single-family homes were constructed in subdivisions on streets including Hastings Drive, Victoria Lane, Agawam Avenue, Sarah's Way and Bonnie's Way in Wentworth Heights, which is now complete.

One new commercial building – self-storage units – was built on Gigante Drive. Hampstead Family Medical was constructed at 207 Stage Road. Additions were built onto Johnson and Johnston and Land & Sea on Route 111.

Hampstead Health & Fitness increased its facility size last year.

Two communication towers were erected last year – one on Gigante Drive, the other in back of East Coast Lumber.

Additional modular classrooms were placed at both Central and Middle Schools.

Another phase of Granite Village was completed with the addition of 15 modular homes.

Work began on a bandstand in the field behind the Town Office Building, funded from proceeds of the town's 250th anniversary celebration.

Plans were approved for a new and larger post office building which is being built behind the present Post Office on Main Street.

Three seasonal conversions were allowed by the Board of Adjustment, pending satisfactory inspections by building department inspectors. New this year is a \$125 fee to homeowners seeking to convert their cottages for year-round occupancy. The fee covers the cost of electrical, plumbing and building inspections.

Dawn Shaw and Trudy Towne cover office hours to assist the public, process permit applications, and schedule appointments for inspectors.

Paul S. Wentworth is in the office Monday through Thursday from noon to 1 p.m. to review plans and issue building permits. Residential inspections are done by Kristopher N. Emerson. Robert Morache rounds out our staff of building inspectors.

All commercial plans are reviewed by SFC Engineering and subsequent inspections done by that firm.

Michael DiBartolomeo is our part-time electrical inspector. He is assisted by Steven Councilman, who inspects pools.

Part-time plumbing inspector is Michael Hartnett. Assistant Plumbing Inspector is Winthrop Stubbs.

Burner and wood stove inspections are done by Fire Chief Walter "Chip" Hastings.

Heading the department is Proctor Wentworth, who also serves as Code Enforcement Officer.

The Building Department office is open 38 hours each week with inspectors willing to meet with contractors and property owners during those times or by appointment. Our hours far exceed those in many other area towns and we take pride in our availability and office procedures which have been designed with the public in mind. We sincerely hope those efforts are appreciated and we are willing to listen to any suggestions as to how we might improve our services.

Proctor Wentworth

Report to the Town of Hampstead

Hampstead Capital Needs Committee – 2000

During the past few months, the Capital Needs Committee (HCNC) has been working with representatives from each Town committee, commission and department to bring you the attached Capital Forecast for the next five years — through 2006. We want to thank all of the representatives of the various departments, committees and commissions for the efforts they made to carefully consider their capital needs and prepare information to enable the HCNC to bring the combined needs to you, the residents of Hampstead, for your consideration. The various committees' participation in this process is an indication that the department heads want you to be better informed.

The information provided in this report is not “cast in concrete”. Instead, it is an unfinished work that is being molded and shaped continuously. This report shows the current “best guess” as to when each of the forecasted items will be brought to the Town for consideration as a part of the operating budget, a Warrant Article or other Town Meeting action.

Included with this report are two pie charts that show the total expenditures for each department. Each segment of the pie represents the total capital forecast (for 2001 – 2006) or approved by the voters and spent (for 1996 – 2000). The year-by-year break down of capital is shown in graphs included in the detailed report books as mentioned at the end of this letter.

The HCNC appreciates the cooperation each department has contributed in making this report possible. Without their assistance and participation in this process, we would not be able to provide this planning document for the town.

As in the past, copies of the entire Hampstead Capital Improvements Plan (all of the individual backup planning forms and plans) will be available for your review at the Library, Selectmen's Office, The Town Clerk's Office, the Planning Board and the Budget Committee offices. If you have any questions, please contact one of the HCNC members.

Respectfully submitted January 4, 2001.

Doug Gootee, Chairman (329-1110)
Brian Condon (329-7311)
Brian Shuman (382-1581)

BUDGET OF THE TOWN/CITY

OF: TOWN OF HAMPSTEAD

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 2001 to December 31, 2001

or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the above address.

This is to certify that this budget was posted with the warrant on the (date) January 29, 2001

GOVERNING BODY (SELECTMEN)

Please sign in ink.

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

Zoning Board of Adjustment

In 2000 the Hampstead Zoning Board of Adjustment heard 40 requests for Special Exceptions. 37 of these requests were granted and three were denied. Three of the granted requests were for seasonal conversions and one was for a home occupation.

The board heard eight requests for variances. Three were granted and five were denied.

Eight requests for Equitable waiver of Dimensional Requirements were granted.

The board heard two Appeals of Administrative Decisions. One was granted the other was denied.

The board had ten requests for rehearings five were granted , five were denied.

The board welcomed Dave Murphy as a regular member . He replaced Jack Haynes who chose to serve as an alternate.

I am especially grateful to Dawn Shaw for all the help she has given us over the years, her experience, knowledge and dedication are appreciated.

Respectfully submitted,

Bob Cairns , Chairman

Board of Adjustment

2000 TOWN WARRANT – TOWN OF HAMPSTEAD, NH

To the inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Hampstead Middle School in said Hampstead on the following dates and hours for two (2) SEPARATE SESSIONS.

FIRST SESSION - Friday, February 9, 2001 (Deliberative Session)

At seven o'clock (7:00) in the evening, for the purposes of explanation, discussion, and debate of all of the following proposed Warrant Articles:

[NOTE: ALL WARRANT ARTICLES, including the proposed Budget, but excluding those relating to the election of Town Officers and proposed Zoning Amendments may be amended at this First Session AND ONLY AT THIS FIRST SESSION.]

SECOND SESSION - Tuesday, March 13, 2001 (Voting)

At eight o'clock (8:00) in the AM to elect all Town Officers, by Official Ballot, to vote on questions required by law to be inserted on the Official Ballot, and to vote on all Warrant Articles AS AMENDED AT THE FIRST SESSION.

[NOTE: THERE WILL BE NO EXPLANATION, DISCUSSION, OR DEBATE OF ANY WARRANT ARTICLE AT THE SECOND SESSION, AND NO ARTICLE MAY BE AMENDED. All voting will be by secret, written Official Ballot only. The polls will remain open 12 hours between the hours of eight o'clock (8:00) in the AM and eight o'clock (8:00) in the PM.]

Warrant Articles:

1. TO CHOOSE ALL NECESSARY TOWN OFFICERS FOR THE YEAR ENSUING.

2. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #1

Amend Article IV (Sexually Oriented Businesses [SOB]) (a) section IV-8: 1D of the Hampstead Zoning Ordinance by deleting the word "2000" in the last line and substituting the word "2004" in lieu thereof so as to re-enact the Article for a three year period, or until a comprehensive Sexually Oriented Business Ordinance is enacted, whichever occurs first, and (b) the table under Section IV-8: 3 to read as follows:

	Has	Zone	Number of	Distance from
	SOB	Fully	SOB	Intersection of
Town	Zone	Developed	Establishments	Rts 121 & 111
Atkinson NH	Yes	Not Reported	4	2 Miles
Derry NH	Yes	No	2-3	8 Miles
Haverhill MA	Yes	No	Not Reported	8 Miles
Londonderry NH	Yes	No	0	10 Miles

Salem NH	Yes	No	1	7 Miles
Plaistow NH	Yes	No	1	5 Miles
Windham NH	Yes	No	1	9 Miles

3. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #2

“Amend Article IV(Swimming Pool Ordinance), Section IV-3:2 by deleting the existing section “C” and substituting in lieu thereof the following:

C. ELECTRICAL CONNECTIONS

All electrical installations provided and installed and used in connection with swimming pools shall be in conformance with the latest edition of the National Electrical Code.”

4. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #3

Re-adopt the Gravel Ordinance adopted by the town in 1999, as follows: (to correct a scrivener’s error in not including the second page in the 1999 warrant).”

**Article IV-11
GRAVEL ORDINANCE**

IV-11:0 PURPOSE.

This article establishes the requirements for the creation and operation of areas where soil materials are removed.

IV-11:1 WHERE PERMITTED.

- A. Soil materials are permitted to be removed by special exception in zones C-1, C-2, C-3, C-4.

IV-11:2 REQUIREMENTS

- A. All soils removal operations must comply with RSA 155-E as amended from time to time.
- B. The Applicant must for an initial application receive approval from the Hampstead Planning Board and a special exception from the Hampstead Zoning Board of Adjustment (ZBA) in a joint public hearing. The ZBA shall not grant a special exception for the project until the Hampstead Planning Board has found that all of the provisions of RSA 155-E:3, 4, 4-a, and 5 have been satisfied. Thereafter, if a special exception is granted the applicant shall apply annually to the Planning Board (“Regulator”) for an annual excavation permit.
- C. The ZBA can only grant approval if all of the requirements have been satisfied:
 - 1. No diminution in area property values and the excavation will not unreasonably change the character of the neighborhood; and
 - 2. No unreasonable acceleration of the deterioration of highways or the creation of safety hazards; and
 - 3. No creation of any nuisance or health or safety hazard; and
 - 4. Subject to the granting of a permit to excavate by the Planning Board upon and following the conditions set forth in Paragraphs D, E, F, and G below.
- D. The Planning Board shall hold one (1) public hearing prior to the joint meeting of the ZBA to review the application during which any discrepancies or failures to abide by a previous permit will be noted to the applicant.

- E. The Planning Board shall engage an engineer at the applicant's expense to review the application and make recommendations that the reclamation bond is satisfactory to cover the anticipated cost of the submitted reclamation plan and to recommend any conditions or requirements to address issues such as traffic control, noise, dust control, fuel handling, site security, and the hours of operation. All fees due from the engineering review are to be paid by the applicant prior to the issuance of the permit and prior to any excavation occurring on the site. If any of such recommendations from said engineer are adopted by the Planning Board, they shall be attached to the permit at the joint meeting with the ZBA and shall become conditions and requirements of the permit to excavate.
- F. Under no circumstance shall any hazardous materials other than fuel for equipment currently working at the site be stored at a soils removal site. All fuel storage must be in compliance with Federal and State regulations.
- G. A fee of fifty dollars as described by RSA 155-E shall be provided with the completed annual application.

IV-11:3

If the special exception is approved, the Planning Board shall issue a permit with such conditions as are set forth above, which must be renewed annually by following the procedure as set forth in paragraph IV-10:2 D, E, and G, in order for the soil removal to continue. Permits shall run from the next following April 1st to the then following March 31st of each year regardless of when a special exception has been granted. No excavations shall continue or occur after the expiration of the permit and until and unless such permit has been renewed in accordance with this ordinance.

5. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #4

Amend Article III(Mobile Home Park – Zone D), Section III-1:8 by deleting Subpart “A” and substituting in lieu thereof the following description:

Beginning on the Southerly side of Emerson Avenue at the intersection of Wash Pond Road, thence

N 72 degrees – 15' E	564.2', by the Southerly side of Emerson Avenue, thence
N 57 degrees – 57' E	237.9', by the Southerly side of Emerson Avenue, thence
S 16 degrees – 23' E	250.0', thence
S 38 degrees – 36' E	1265.6', thence
S 55 degrees – 53' W	1431.4' thence
N 35 degrees – 24' W	285.8', thence
S 63 degrees – 22' W	577.1', thence
N 26 degrees - 14' W	1027.2', thence
N 44 degrees – 42' E	191.9', thence
S 35 degrees – 40' E	89.3', thence
N 54 degrees – 57' E	253.9', thence
N 27 degrees – 01' W	452.3' to the Southerly side of Emerson Avenue, thence
N 67 degrees – 03' E	577.6' by the Southerly side of Emerson Avenue to the point of beginning.”

6. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #5

Amend Article III(Mobile Home Park – Zone D) Section III 1:8 B of the Hampstead Zoning Ordinance as follows by adding the following description to Section III-1:8 B: “Together with a certain abutting parcel of land in Hampstead, Rockingham County, State of New Hampshire, being known as Map 9 Lot 125 and part of Map 10 Lot 4 on the Town of Hampstead Assessors Maps, and being more particularly described as follows:

Beginning at a drill hole in a corner of a stonewall on the northerly side of Map 10 Lot 10 off of Ledgewood Drive in said Hampstead as shown of Rockingham County Registry of Deeds (RCRD) Plan No. D26870, said point being approximately 1,060 feet northeasterly of Kent Farm Road, thence

S 48 degrees 29'00" W a distance of 102.26 feet along a stone wall as depicted on said plan to a point; thence

S 48 degrees 36'00" W a distance of 750 feet, more or less, as shown on said plan to a point at the southerly corner of said Map 9 Lot 125; thence

Northwesterly 150 feet, more or less to a point being a corner of stonewall; thence

N 30 degrees W a distance of 167 feet along a stone wall; more or less, to a point; thence

N 23 degrees W a distance of 344 feet, more or less, to a point at a stone wall; thence

N 47 degrees E a distance of 950 feet, more or less, partially along a stone wall, to a point, thence

Easterly, 150 feet, more or less, to a point; thence

Southeasterly 800 feet, more or less, to a point; thence

S 67 degrees 43'41" W a distance of 99 feet along a stonewall to corner of the stone wall; thence

N 48 degrees 56'56" W a distance of 110.53' along the stonewall to a point; thence

N 48 degrees 24'38" W a distance of 123.86' to the point of beginning,

Containing 15 acres, more or less."

7. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #6

- **Petition Article:** To amend Article III (Zone C-2 Commercial), Section III-1: 5F so as to include Tax Map 6, Lot 19 in its entirety.

[Purpose of this Amendment is to rezone a lot on the north side of Route 111 described as Map 6 Lot 19 from being partially in Zones C-2 (commercial) and Zone A (residential) to being entirely in Zone C-2 (commercial).]

8. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS FOLLOWS:

Amendment #7

- **Petition Article:** "To amend provisions in the zoning ordinance relating to the residential and recreational district by striking Part III. Article III-2, Residential Zone A by striking from Permitted Uses II-2: 2 number 6 which reads "two (2) accessory, single story buildings are allowed. The maximum square footage for each accessory building is 750 square feet. Agricultural uses are not subject to this regulation."

Part III. Article III-3 Recreational Zone B. Subpart 2, Permitted Uses by striking F thereof which presently reads, "one accessory single story building is allowed. The maximum square footage is 600 square feet and in place thereof the maximum percentage of each lot which may be occupied by building shall be thirty percent. Only one residential building or dwelling shall be located on each lot."

After striking both of these sections, replacing each of them with the following zoning provision in its place:

"Only one residential building or dwelling shall be located on each lot, maximum percentage of building, either dwelling or accessory which is permitted on said lot shall be restricted to 30% of the total square footage of the lot."

The purpose of this proposed zoning amendment is to allow dwelling and accessory buildings to be built to include up to 30% of the total square footage of the lot, rather than the present system which restricts accessory buildings to be relatively modest square footage regardless of lot size."

9. OPERATING BUDGET

Shall the Town of Hampstead raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$3,034,571.00? Should this article be defeated, the operating budget shall be \$2,857,300.00, which is the same as last year, with certain adjustments required by previous action of the Town of Hampstead or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory only)

10. To hear report of Auditors and Committees and to act hereon.

Special Warrant Article

11. To see if the town will vote to raise and appropriate the sum of \$45,000 to put into the Capital Reserve Fund for the purpose of funding the second of 3 installments as the town's share of the installation of traffic lights at the intersection of Route 111 and East Road. The total cost is \$400,000, \$265,000 to be paid by the State of New Hampshire.

This article is non-lapsing until December 31, 2002.

Recommended by the Board of Selectmen

Recommended by the Budget Committee. (Advisory Only)

Special Warrant Article

12. To see if the town will vote to raise and appropriate the sum of \$70,000 for the purpose of hiring two (2) full-time firefighters.

This article shall be non-lapsing until March 15, 2002.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

13. To see if the town will vote to modify the organization of the Hampstead Fire Department in accordance with RSA 154:5 such that the Fire Chief will be appointed for a three (3) year term by the Board of Selectmen, dependent on good conduct and efficiency.

Special Warrant Article

14. To see if the town will vote to establish a Capital Reserve Fund under the provisions of RSA 35A:1 for the purpose of replacing Fire Department equipment and to raise and appropriate the sum of Seventy Five Thousand Dollars (\$75,000.00) to be placed in this fund.

This article shall be non-lapsing until December 31 2002.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

Special Warrant Article

15. To see if the town will vote to raise and appropriate the sum of Four Hundred Sixty Five Thousand dollars (\$465,000.00) to complete the Library Building and authorize the withdrawal of One Hundred and Twenty Five Thousand dollars (\$125,000.00) plus accumulated interest from the Capital Reserve Fund created for that purpose. The balance of up to Three Hundred Forty Thousand Dollars (\$340,000.00) is to come from general taxation. (Majority vote required.)

This article is non-lapsing until December 2003.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

16. If Article 6 (Amendment #5) passes, to see if the town will vote to authorize the Selectmen to sell and convey to Charles and Laura Ashford, or their designee, an approximate fifteen (15) acre portion of Tax Map 9, Parcel 125 and Tax Map 10, Parcel 4, to be added to their existing land upon the recording of a boundary adjustment or similar plan – in consideration of the payment to the town of an amount of money equal to \$2,667.00 per acre.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

17.To see if the town will vote to authorize the Selectmen to convey to the Hampstead School District an approximate 9-acre portion of Tax Map 1 lot 42, free of conservation restrictions, in exchange for the conveyance by the Hampstead School District of an approximate 18 total acre portion of Tax Map 1 lots 39 and 43 off Depot Road, subject to the Selectmen receiving a title certificate or opinion that the land to be conveyed to the Town by the Hampstead School District has marketable title, and that the conveyance by the Town of said portion of Tax Map 1 Lot 42 does not violate any restriction or condition whereby the town acquired said land.

18.To see if the town will vote to accept Agawam Avenue as described on plan # D14945.

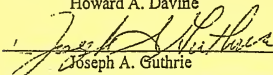

19.To see if the town will vote to accept Bonnie's Way and Chelsari Drive as described on plan # D24620.

20.Petition. To see if the town will vote to mandate that any increase in the number of supervisory personnel employed by the Town be specifically approved by a Special or Annual Town Meeting prior to implementation, and to prohibit changes in job descriptions of present personnel to by-pass this process.

Given under our hands and seal, the 29th day of January, in the year of our Lord, Two Thousand One.

POLICE DEPARTMENT

JOSEPH BEAUDOIN, Jr.
Chief of Police

P.O. BOX 540 • HAMPSTEAD, NEW HAMPSHIRE 03841
TEL. 603/329-5700 • FAX 603/329-4990

As my first year as Police Chief is coming to a close, I would like to take this opportunity to thank the residents of Hampstead for allowing me to serve as your Chief.

The year 2000 has brought about many changes. Certainly the most noticeable one has been the expansion of our Police Station. We have created a new office and booking room, and renovated the training and conference rooms.

We were fortunate this year to be the recipients of a \$5,000 grant for the purpose of upgrading our computer system, while a Federal Grant through the New Hampshire Highway Safety Agency provided the department with a free lap top computer as an aid in accident report writing.

Thanks to a program that Exeter Hospital sponsored we have received two portable defibrillators that are now kept in our front line cruisers. Exeter Hospital provided all the necessary training, and all of our officers have been certified to use them in an emergency.

Another first for Hampstead that we are very proud of was the hiring of Kathleen Boulter, as a full time police officer. She is a life long Hampstead resident, and will be attending the Police Academy in March 2001. We also congratulate Officer John Lapham, on his successful graduation from the Academy in February 2001.

I must also mention that while we gained officers, we also lost an excellent one. Matt Woodman left Hampstead to pursue his law enforcement career in Haverhill, Ma. And last but not least, the entire department extends a special thank you to our retired Chief, William J. Letoile for his dedication and contributions to Hampstead over the past 38 years.

We wish all these men and women out best.

Finally, to all the officers of the Hampstead Police Department and their families, thank you for all the time and support you have given throughout the year.

Joseph A. Beaudoin Jr.
Chief of Police

Hampstead Fire Rescue Department Report to the Town – 2000

It has taken four years to finally be able to move a more modern fire engine into the East Hampstead Station. The first step was the building renovation completed in 1998. The delivery of the new Engine 1 for Central Station led us to accomplish the goal. Engine 3 has been equipped with a new Hurst extrication tool for motor vehicle accidents. This truck is now housed in East Hampstead. This enables us to have a first response piece of apparatus on each side of Town and each side of Route 111.

In October, we took delivery of Engine 1, a 2000 Ferrara/HME Custom Pumper equipped with many features, which will facilitate fire-fighting activities. The truck has a 1,500 gallon per minute pump with a 1,000 gallon water tank. It also has 40 gallons each of Class A and B foam, which can be induced into the water flow as needed. The compartments have roll up doors to allow easy access to equipment. Work lighting for nighttime operations is provided by a power take-off generator working directly off the vehicles drive line, and can be turned on while moving. The Board of Engineers spent a good deal of time working out the specifications before spending the Town's dollars. Captain Will Warnock deserves thanks for his technical writing skill and generous time provided to the project.

Tank 6 was sent out in September too Greenwood Fire Apparatus in North Attleboro, MA to have bodywork done. This money was approved at the 2000 Town Meeting. During the process it was discovered that the cross members under the body were rotted beyond use. Captain Kerry Clark, our equipment officer, worked with Greenwood to determine the best way to repair and replace the needed parts. The entire body and tank had to be removed from the chassis and the frame sand blasted. New parts were installed and the entire frame primed and painted. This truck was purchased in 1985 at a cost of \$175,000.00. Replacement would cost double that amount now. The Selectmen supported us and endorsed the cost over run of \$18,000.00 for the project. After two months of work, we now have a refurbished vehicle which should last for 8 to 10 more years.

Keeping the members trained to deal with the situations we encounter is not an easy task. With 660 calls this year, we dealt with numerous types of situations. Captain Steve Flynn coordinates and runs the fire training. Firefighter Maurie Worthen handles the coordination of the medical training. We had members attend and satisfactorily pass state of NH Certified Firefighter classes this year.

Communications, water supply and fire alarms are handled by Deputy Chief Jim Gilmartin. He oversees all radio and pager repairs. This equipment is our vital link with any person calling 911 for medical help or reporting a fire.

Two department members received special recognition outside the department for being exemplary. Maurie Worthen was chosen by a state panel as the State CHAMPION FOR CHILDREN for the year 2000. This award was in recognition of the outstanding Fire Prevention Program he runs for children in the Hampstead School system. Ruth Curran received an award from her classmates for outstanding motivation in completing the Firefighter Level I curriculum.

Without a doubt, the most far-reaching and important decision the Board of Engineers has ever had to make in the history of the Department was reached this past year. We are asking the voters to approve the hiring and funding of two full time Firefighter-EMT's and a part-time Fire Chief. With the call volume steadily increasing over the recent years, we feel that in order to provide the minimum daytime coverage for calls, we must fill these positions. In addition to fire fighting and medical emergencies, their duties will include routine vehicle maintenance, equipment inspection and maintenance, work on and around the property and inspections. The continued support of our members is still crucial to the operation of the Department to augment the daytime personnel. The membership will continue to provide evenings and weekend coverage to the Town.

We strongly urge that you participate in and support our efforts to maintain the proper lever of personnel to effectively respond and handle emergency situations.

In looking back at the past year, it is extremely comforting to know that our members have supported each other in dealing with many serious and tragic situations. The families share in this support system and we want to thank all of them.

Chief Chip Hastings

Town Forest Fire Warden and State Forest Ranger Report to the Town – 2000

There are 2,200 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The number of fires reported during the 2000 fire season was below average as referenced in the statistics below. Despite this, our network of fire towers and detection patrols were still quite busy with the fire towers being first to report over 135 fires. These fires were quickly and accurately reported to the local fire department for their prompt and effective suppression efforts. Wildland fires occurring in areas where homes are situated in the woodlands are a serious concern for both landowners and firefighters. Homeowners can help protect their homes by maintaining adequate green space around them and making sure that houses are properly identified with street numbers. Please contact the Forest Protection Bureau to request a brochure to assist you in assessing fire safety around your home and woodlands.

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing **ALL** outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. Forest Rangers have investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217, or for general information visit our website at www.dred.state.nh.us.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection system and reports from citizens aid in the quick response from local fire departments. These factors are critical in controlling the size of wildland fires, keeping the loss of property and suppression costs as low as possible. Due to permitting and fire safety concerns, please contact your local fire department **BEFORE** using portable outdoor fire places and vessels, including those constructed of clay, concrete or wire mesh.

Please contact your local fire department before doing **ANY** outside burning.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!

2000 FIRE STATISTICS

(All Fires Reported thru November 10, 2000)

TOTALS BY COUNTY

	<u>Numbers</u>	<u>Acres</u>

Hampstead Conservation Commission Report – 2000

This was a troubling year for the Conservation Commission, with much of its time and resources devoted to the prevention of the total destruction of the trail system by off-highway recreation vehicles (OHRVs). Apparently, new residents to town feel no compunctions about destroying the work of those who have labored hard for many years to create a trail system that is the envy of the neighboring towns. The erosion, noise and vandalism that have resulted bring into question the intelligence of those that pursue this activity in an areas where residents could formerly enjoy peace and quiet. The support of the town residents for the trail system is thus eroded, making it harder to create new trails, or acquire land for passive recreational use.

In spite of this, a six acre parcel of major importance to the trail system is in the process of being purchased by the Town, which will complete a land acquisition process that has been fifteen years in the making. In addition, a four acre parcel is being donated by Beth Chandler, which will allow it to be kept in its natural state.

Justin Howells and the boy scouts constructed a splendid bridge across Darby Brook, one which should serve the town residents for many years to come. It's solid.

On the nature front, the year 2000 witnessed a nature event in Hampstead that has no precedent. A pair of pine warblers on Anne Drive became so tame that they would regularly come to the hand to be fed mealworms. Videos attesting to this fact were displayed on the cable TV for those lucky enough to be tuned in. In addition, a fisher spent the entire day of July 14 sleeping in a white pine tree by the mail box of this same residence, oblivious to the refuse collectors and other city-like noises.

Hampstead Recreation Commission Report – 2000

The Hampstead Recreation Commission (HRC) administers and supervises several of the recreation programs and all of recreation facilities available to the citizens of Hampstead. HRC members are: Chairman Terry Pavilini, Phil Torre, Stan Lewis, Bob Keith, and Deb Highfield. The position of Recreation Director is held by Charlene Flaherty. The HRC's meetings are open to the public and are held on the third Monday of every month at 7:00 p.m. in the Town Hall.

The summer program for children is our major yearly activity, involving approximately 300 children, ages 6 through 13. Program sites were the Memorial Gym and the Hampstead Central School. Some of the offered activities were: a pizza party, a water carnival, a penny carnival, time art travel days, and a magic show. New this year were free drawing lessons offered under the direction of Dave Kostyla. There were trips to the Town Beach, as well as to roller skating and an arcade, bowling and a movie, Canobie Lake Park, Water Country, Vertical Dreams rock climbing, and Pawtuckaway State Park.

Other programs offered were: a four week session of tennis lessons for children and adults; the Hampstead Junior Golf league for teens 13 to 16 years of age with six weeks of golf at The Fairways in Kingston; and our second year of golf lessons for adults and children.

The HRC would like to thank the Greater Hampstead Civic Club, Hampstead Soccer Club and the Hampstead Association of Softball and Baseball for the donation of over \$50,000 to have a sprinkler system install at the Depot Road Field Complex. The system was installed in June of 2000 and was operational in July. This was a major undertaking for these groups and their generous donation will have a positive lasting impact on these fields for now and the future.

The West Road tennis courts underwent a major renovation during the fall of 2000. The existing courts were demolished and new courts and fencing were erected. Court resurfacing will take place in the spring of 2001.

The playground area adjacent to the tennis courts is scheduled to open in the spring of 2001. The playground will have new and safer equipment. The HRC would like to thank the Hampstead Mother's Club for their generous equipment donation (~\$8000).

The Town Beach was a popular spot on hot days. We're pleased to report that weekly water testing showed that water quality generally remained very good this summer. The HRC maintained and staffed the site from Memorial Day through Aug. 31st. The town was very fortunate to be the beneficiary of Eagle Scout candidate, Donny Shedd's Eagle project at the beach. He made repairs, built picnic tables, and did painting at the Town Beach. Beach parking permits are required and are available at the Town Clerk's office in Town Hall. Yearly fees are five dollars for residents and \$25 for non-residents.

The Hampstead Memorial Gym was continually in use. Residents who wish to use the facility should call the Recreation Director for availability. Besides Civic Club basketball for children, there are also men's league basketball, the Masters' basketball, volleyball, a women's volleyball night, Civic Club, Teen Club, CRA activities, and the senior walking group who use the gym on a regular basis.

The HRC's youth soccer academy at the Hampstead Middle School was very well attended, with younger children receiving instruction the first two weeks, and older children the third. The campers had fun and sharpened their skills under the direction of Coach Ray Flaherty and his assistants.

Once again, Hampstead was proudly represented at the Hershey Track & Field events in Rochester. Congratulations to the twenty athletes who participated in the events. To spark interest in the meet, and to offer practice opportunities, we had our second year of our running club. From June 1st up to the field events, we joined the Timberlane team at their track for practices.

Our NYSCA program for coaches continued to offer certification programs. The clinics were held in March and November, with seasonal sports being addressed. Another clinic will be held in mid-March.

The annual Senior Citizen Holiday Dinner was held in December at the Hampstead Middle School, with nearly 190 seniors attended. The food was excellent, the weather cooperated, and the company was lively. Entertainment was provided by Joe Knight on the keyboard, and by a choral group under the direction of Cindy Verrill. Reverend Adam Houston from the Island Pond Baptist Church gave the invocation. The Master of Ceremonies was Scott Kingsley, and raffle tickets were drawn by Miss Hampstead, Jessica LaChance. We extend our thanks to all the business professionals and volunteers who helped to make the day enjoyable: Boy Scouts under the direction of Don Shedd; Girl Scouts under the direction of Elaine Greene and Linda McGrath; FCCL under the direction of Joann Erickson; the Hampstead Fire Dept.; Mrs. Costa's CCD group; almost 30 Hampstead citizens who worked as servers; and 20 families who pledged and delivered pies.

During 2000 the HRC added two new members; Bob Keith was appointed in the summer to fill a vacancy and in December Deb Highfield was appointed to fill the vacancy created from the resignation of Nancy Davine. The HRC would like to take this opportunity to thank Nancy for her years of dedicated service to the Town serving as an HRC member.

The HRC also thanks the active members of our community who give of their time and talents to assist us in our many and varied programs. Volunteers add to the success of all our town programs.

Respectfully submitted,

Charlene Flaherty

ORDWAY PARK

Bluebirds and butterflies have been active in the park. We invite your participation, too. We're looking for ideas and people who'd like to be part of programs and special projects. Tell us what you're interested in.

Agriculture in the Park brought oxen, ice cream, goats, cows, chickens, flower arranging and honeybees out on a lovely June Saturday. Indomitable storyteller Mrs. Gallo was joined by members of the Hampstead Fire Department, Chief Beaudoin and hearty families who braved icy conditions for our 4th annual **Autumn Bonfire**. Clay Shaw again wired us for sound (a cold task we warmly appreciated).

This year we undertook a thorough study of the stormwater which enters the park via a catch basin and two upslope culverts. The study has been on our list since 1996 and we're pleased to have followed up a 1998 preliminary report with an **engineering study and drainage plan**. The bulk of our 2000 budget was spent on engineering and on purchasing some of the required drainage materials specified in the plan. We appreciate the interesting and enlightening review presented to the committee by Earth Sciences Engineering. Mr. Stone was also willing to help us review and refine the plan at no additional cost. A backhoe was donated for soil tests. Tops on our 2001 list - the next phases of the drainage plan.

At the request of the Selectmen, **FORPARK** also developed a **Facilities Use Agreement** for Ordway Park, as well as day-to-day regulations. Now that we have these in place, we invite groups, individuals, and organizations to use the park. We're also open to program partnerships. Nancy Fulmore is our contact. Keep in mind that we have a policy of reviewing requests during a scheduled meeting and we meet once a month.

We also developed a written maintenance program. We were pleased that all equipment and labor for 2000 maintenance was donated; we've developed a maintenance budget for 2001.

Dr. Granite returned to complete the north end of the parking lot **stone walls**, creating a planting bed. He was assisted by Ed Comerford and his Kubota tractor. Dr. Granite also contributed the **perennial planting**; another donor contributed the mulch. The committee purchased additional stones so Dr. Granite can raise the wall height to meet natural grade; this 2001 project will help us complete the access path above the parking lot. Also planned is stonework around the culvert entering the park. The purchased stones were largely paid for with the proceeds of an insurance payment. A car accident damaged a wall Dr. Granite had rebuilt as a donor; he then repaired the wall. He donated the repair payment, too.

Additional parking has been on our list. First expansion will be along Depot Rd., where the Highway Dept. will regrade the road shoulder.

A partnership of budgeted expenditures and private donations helped plant five trees, one specimen shrub, and lilac row. Thank you to the Cussen, Lanouette and Winnill families for jointly funding the American Yellowwood (*Cladrastis kentukea* 'Rosea'). A Tree Lilac (*Syringa reticulata* 'Ivory Silk') was donated in memory of Corinne Wallace. Candace O'Shea and Susan Kostandin funded the lilac row and tree-form hydrangea, in memory of Louise Ordway Baldwin, Jean Fletcher Baldwin and Judith Lynn Clevesy. Two other trees were purchased from our budget. Planting labor was donated. Low maintenance requirements are key factors in choosing plants. Dawn Shaw is keeping our record of special donations.

The Hampstead Garden Club donated \$700 for a **boxwood** planting in the flagpole area; these will be planted in 2001, after the drainage work is completed. Mrs. Morin contributed a **Gift Certificate** in memory of her husband and we'll use it this spring. Mrs. Margaret Vaughan and Patrick Hanlon are donating a **bench** in memory of Margie Vaughan Hanlon; the bench is in, but we're still waiting for the inscribed plaque. Thank you Jeffrey Fulmore of Interior Creations for your bench assembly.

Thank you to Mary Ann Michaelsen, Sylvia Swartz and Anda Tubalkain, who took care of the three gardens planted by the Hampstead Garden Club last year. The family of Garden Club member Ellie Comerford placed a stone and plaque, and a stone bench, in "**Ellie's Garden**". The Comerfords hosted a lovely reception and garden dedication to thank the Garden Club for the garden planted in Ellie's memory.

Also donated this year was the **perennial** planting in the south edge of the Christmas tree planting. Pumping of the retention area was donated as a stormwater control until the drainage outflow is operational.

We purchased the **granite steps** that now lead to "Ellie's Garden". FORPARK donated installation of the steps and of the pair of **granite posts**. Handicapped access will be along the Main St. stone wall when Dr. Granite adds the capstones to his parking lot wall we finish the pathway.

Thank you to the Capital Needs Committee for reviewing our work in progress. Our goal is to complete the basic structure of the park in 2002. We're looking for input to plan what comes next... Ideas suggested include: farmers' markets, a universal design fitness trail, Art in the Park, composting and pruning programs, therapeutic gardens, photo portraits, soapbox days, teddy bear picnic, concerts ... Got ideas? We welcome heads and hands.

There's an ongoing opportunity to order bricks. Our engravers ask us to batch our orders, so the time it takes from your order to installation depends on where we are in the batch. We welcome contributions of all kinds and any size. There's plenty left to do!

Thank you everyone who's been part of the park from
The Friends of Ordway Park (FORPARK)

Hampstead Solid Waste Report – 2000

In the year 2000 Hampstead placed at curbside approximately 2747 tons of household trash and recycled 246 tons of newspapers ,magazines other paper products, i.e. brown bags catalogs phone books, junk mail, manila folders and cereal /dry food boxes and 142 tons of co-mingled plastic aluminum, and glass for a total of 389.47 recycled tons. The avoided "tipping fee" charge , the amount charged per ton (\$49.23) times the tonnage of regular household trash that is not recycled to be off loaded, amounted to \$19,173.53.

The town has completed the second year of two three year contracts with Waste Management of Londonderry NH. One contract covers curbside household trash pick up and the other covers curbside recycling. Both of these contracts have an escalation factor based on the Boston Consumer Price Index and have two options for one year extensions.

Hampstead has also completed the first year of a three year contract with Waste Management of Londonderry NH for the disposal of the bulk waste collected at the Kent Farm Rd facility. This is also has an escalation factor based on the Boston Consumer Price Index.

Hampstead once again participated with six area towns in a successful household hazardous waste drop off day.

As always the Solid Waste Committee is looking for new active members and part time volunteers for input and assistance to continue the tasks of providing a high level of service to our town.

SEPTAGE

The town of Hampstead has never had a contract with any facility or hauler to accept septage. Residents must contract with a private hauler who carries septage to an approved disposal site.

KENT FARM FACILITIES

The town of Hampstead owns a 70 acre wooded site on Kent Farm Road. This site contains:

- a dump & burn landfill used for forty years and closed in 1978, occupying approximately three to five acres
- a transfer area used by residents one Saturday per month from April through November for bulky household wastes.
- two seasonal use septage lagoons closed September 1993
- an active Hampstead Police practice firing range

Southeastern New Hampshire Hazardous Materials Mutual Aid District

The Southeastern New Hampshire Hazardous Materials Mutual Aid District is organized as a regional solution to the hazardous materials response problem. The purpose of the district is to prepare our communities, regionally, for responses to hazardous materials incidents, both with training and equipment. The 14 communities that comprise the district are: Auburn, Atkinson, Chester, Danville, Derry, East Derry, Hampstead, Hooksett, Litchfield, Londonderry, Pelham, Plaistow, Salem, and Windham.

The District is managed by an Operations Committee, consisting of a Chief Officer from each member community, who carry out the day-to-day business of the organization; and a Board of Directors, consisting of an elected or appointed member of municipal government in each member community, who provide oversight and fiscal management. The District has the highest level of response available for hazmat, Level "A".

District resources include two response trailers, equipped with generators, oil spill and decontamination equipment, chemical reference material, protective suits, and communications equipment. This year the District purchased a new response truck and trailer equipped for the team. The District trailers and truck are strategically located to respond to any community requesting them. An EMS Mass Casualty trailer located in Londonderry, available for response to medical incidents with a large number of patients.

The District's Level "A" Hazmat team, comprised of fire personnel from member communities, has responded to many incidents and received praise from regulatory agencies on the professionalism of its operation. The team trains monthly, and is on-call to respond to member communities, to conduct research, advise the incident commander on control activities and safety, and fill incident command system staff positions. They also assist member communities with planning, since the District has been recognized as a regional Local Emergency Planning Committee, to comply with SARA Title III of the federal regulations governing hazardous materials. This allows the District to be eligible for Emergency Management Assistance funding.

This year the District participated in the national hazmat drill in Portsmouth, as well as a drill conducted with the US Army Civil Support Team and the Bureau of Alcohol, Tobacco, and Firearms. This drill focused on weapons of mass destruction, such as chemical or biological agents. The District has completed and filed with the state a regional emergency plan for such terrorist incidents.

Your fire department and local officials continue to make progress in providing the most cost effective manner of responding to a hazardous materials incident.

Respectfully Submitted,
For the Board of Directors

For the Operations Committee

Mr. Richard Plante

Chief Alan J. Sypek

ANNUAL REPORT OF THE HAMPSTEAD SCHOOL DISTRICT

In Memoriam

The entire Hampstead school community expresses its deep sense of loss and sorrow at the death of Beverly Goodridge. Her leadership and devotion to the School District will be missed.

She served the School Board with distinction from 1996 through 2000 and was the active motivating force behind the Hampstead Educational Foundation.

One of the early goals of our strategic planning came from a community request to seek funding outside the tax base wherever possible. Beverly Goodridge had a ready response and a vision, a non-profit foundation. She patiently explained to us how painstaking a process it was to create a state and federal 501-c3 organization. (She was more right than we appreciated at the time). We began with a founding Board of Directors in 1997 and this past fall achieved our initial goal of gaining tax exempt status. The Hampstead Educational Foundation was born.

In its early fund-raising stages, the Foundation, consistent with Beverly's vision, will one day generate revenues that fund artists-in-residence, significant student field trips to concerts and theaters, or teacher-student research, etc. Events and opportunities that otherwise would be out of reach for public schools will be possible for Hampstead students.

While we lost a wonderful Board member this winter, Beverly's vision of excellence for our children will live on in the Hampstead Education Foundation.

With gratitude,

Hampstead School Board

Thomas H. McDonald	Business Administrator

Hampstead School Board

Howard Davine, Chair

Hampstead is a highly desirable community in which to live and thus one of our most significant challenges: our schools are overcrowded. Central School was designed and expanded to accommodate approximately 464 students; it now has 550. Behind Central School are six trailer classrooms. The Middle School was designed and expanded to accommodate 575 students and currently has 675. There are four modular classrooms at the rear of the Middle School. (And, one teacher has his desk on a cart – he has no regular classroom.) The core educational facilities at both schools (the gyms, the cafeterias, art, music, and Special Ed rooms) are now inadequate. Our fields are over-stressed; it is impossible to keep grass on the Central School playground.

Every school day this winter 260 students must leave their classrooms, go outside then into the main building each time they need to go to the bathroom, to have lunch, to go to art, music or gym class.

More portable classrooms are a poor solution and a poor investment for our taxpayer dollars. Each portable classroom costs us approximately \$30,000 in setup fees and, if purchased, costs an additional \$80,000. Additionally, we get no state aid. When we build a new school the State will pay 30% of the construction and of the internal furnishings.

After Hampstead voters rejected the Middle School site, the Board created three committees of citizens to study our overcrowding. The **Site Committee** spent weeks scrutinizing maps of the town, walking fields, and finally recommended 12 potential sites to the Board. For a variety of reasons, there were only two adequate sites available. One proved extraordinarily expensive for a school building and the Board necessarily settled on the Depot Road site adjacent to the town athletic fields. It soon became clear that the Depot Road site did not have adequate dry

land. The Selectmen met with representatives of the Conservation Committee and arranged a swap of dry land for the school for wetlands for the Conservation Committee. A wonderful example of elected officials creating a win-win solution for both the schools and the Conservation Committee.

The **Concept Committee** meeting over the course of the summer and into the fall investigated every combination of buildings and classrooms. Ultimately, the Committee recommended that the Board build a primary or an elementary school. The Board instructed the architects to design a primary school for grades Readiness, 1 and 2 (which could in the future be used as an elementary school.). The least expensive building is a primary school. We need classrooms.

Once the site was determined in the fall, a **Building Committee** had a series of discussions with teachers, community members, and the architect to create the plan on this year's Warrant. When the primary school is built, the Middle School will have grades 6, 7, and 8. The Central School will keep grades 3 and 4 and add grade 5. The new primary school will have Readiness, grades 1 and 2 and the Special Education preschool. If the voters approve public kindergarten, a four-wing kindergarten addition will be added to the primary school.

The Board has worked very hard to involve the community in the analysis and the solution of our significant space problem. The choice of a primary school at the Depot Road site is our best economic alternative. This new building will solve our classroom needs for the foreseeable future and also has the potential for additional classrooms.

Please join the Board and all the citizens who have worked with us to resolve our school space needs problem.

Report of the Superintendent of Schools Dr. Douglas B. McDonald

It is a pleasure to submit my sixth annual report. Funding education continues to be one of the major issues facing our state. In 1999 the New Hampshire Legislature passed a statewide property tax to find the "adequacy portion" of the school district budget. On January 17, 2001, Judge Richard Galway held the statewide property tax was unconstitutional based upon a flawed and unfair method of assessing properties, a method that resulted in disproportionate property values across the state. State leaders are now trying to address this issue, and while the solution is unclear, both Governor Shaheen and State Senate President Klemm have stated publicly that the court's decision does not change the state's obligation to pay adequacy costs to local school districts.

Bond Issue

Increasing student enrollment continues to be the major challenge facing the school district. The Middle School and the Central School are both currently at 120% of rated capacity. We currently have four classrooms in trailers at the Middle School and six classes in trailers at the Central School. Additional classrooms are needed to address growth and program issues.

The School District's Concept Committee recommended the District build a new primary school and the School Site Committee reviewed a dozen possible sites before recommending the Depot Road site as the most viable solution. The new school will have 22 classrooms which will increase to 25 if public kindergarten is approved. Also included will be classrooms for music, art, and special education and a multi-purpose cafeteria/gymnasium. The building will have adequate parking and playground space and is designed so that additional classrooms can be added at a future date.

The school is designated for community use and with its close proximity to the Depot Road ball fields, the facility should be a real community asset.

Land Purchase/Land Swap

Article 3 asks the District to approve the purchase of land on Depot Road and Article 4 allows the District to swap approximately 18 acres of that land with the town for 9 acres of town owned land. This swap is necessary to have an adequate site for the new school. The state will reimburse the District for 30% of the cost of the land as part of the building project.

Budget

The proposed budget is \$15,616,058. The major factors impacting the budget for next year are an increase in students attending Pinkerton Academy (41 additional students), increased transportation costs, increased energy costs, salary increases for faculty and staff and federally mandated special education costs.

Hampstead Support Personnel Association Contract

This year the Hampstead School Board reached a four-year agreement with HSPA. This contract covers all custodians, maintenance personnel and food service workers. The agreement keeps Hampstead salaries consistent with local businesses and school districts. We are fortunate to have a hard-working and dedicated staff and this contract will enable us to attract and keep quality people in our schools.

Kindergarten

Article 8 of the warrant requests that the voters provide a half-day kindergarten program to all District children starting in September 2002. While many of our students attend private kindergartens, children enter first grade from many different programs. As a result of differing programs, students have a wide range of skills from not recognizing all their letters or colors to being able to read. It takes our teachers months to bring their classes to the level necessary to begin the first grade curricula. A consistent reading and

mathematics readiness program will enable our students to begin the first grade curricula from day one.

This year nineteen of the twenty-four districts in New Hampshire (including Hampstead) not providing public kindergarten will ask their voters to approve the program.

Research has shown that public kindergarten has a positive impact on student performance. A December 15, 2000, article in the Manchester Union Leader entitled "*Study: Kindergarten Gets a Passing Grade*," reported on a recent study of 22,000 kindergarten students. The study reported "five times as many (students) could do simple addition and subtraction as a year earlier and twice as many could recognize letters of the alphabet." Education Secretary Richard Riley is quoted in the article as stating "kindergarten is doing exactly what it's suppose to do." "It's helping (all) children.... pick up basic verbal and math skills." We believe the implementation of a District-wide kindergarten program will make a positive difference in student learning and achievement.

Champion for Children Award

Maurice Worthen has been volunteering in the Hampstead schools for more than sixteen years. His volunteer efforts have included taking a week of his vacation to coordinate a fire prevention and safety program in our schools. In recognition of his commitment, the New Hampshire School Administrators Association honored Maurie as their 2000 State Champion for Children.

Middle School Principal of the Year

Dick Fugere, Principal of the Hampstead Middle School was selected as the 2000 Middle School Principal of the Year by the New Hampshire Association of School Principals. Dick was recognized for his outstanding leadership and commitment to the students of the Hampstead community.

Conclusion

I would once again like to thank the community, faculty and staff for your support of our schools. I would also like to recognize

Natalie Gallo	(30 years)
Marion MacNeill	(26 years)

who recently retired from the Hampstead School District. We appreciate their dedication and commitment to the children of Hampstead.

I would also like to recognize the late Beverly Goodridge. Her commitment to children and her dedication to the School District as a parent and School Board member was exemplary. She will be greatly missed.

*Dr. Douglas B. McDonald
Superintendent of Schools*

Report of the Assistant Superintendent of Schools Dr. Mark R. Masterson

Kindergarten: This winter the Board is presenting a Warrant article for a public kindergarten. Public Kindergarten has several advantages for children. Our kindergarten will be a half-day program open to all Hampstead five-year old children, and will include bus transportation to and from the school for both the morning and afternoon sessions. It will replace our limited preschool/kindergarten program designed to include Special Needs children, and create an opportunity for all five-year olds in the community to begin their education together. Also, this is the last year that the State will fund the full 82.5% of building and equipping the kindergarten space. We will never again have an opportunity to build almost \$700,000 worth of classrooms and equipment for approximately \$119,000. In addition, beginning in 2002 when our kindergarten opens, the State will provide \$750 per year per student, or about \$75,000 in operating costs. Having our own kindergarten will offer a consistent early-childhood education program creating an opportunity for all children to enter first grade ready to learn.

Strategic Plan: Four years ago a large group of approximately three dozen citizens, community members, elected officials, and school staff spent a weekend crafting the School District's Mission and yearly goals that fulfil our vision. The drafts of the school district's Mission, Vision and Core Beliefs were then critiqued in a variety of community settings, e.g., Civic Club, the Mother's Club, and the Library Trustees, etc. etc. Then, the Board adopted the final drafts. The goal areas for our first three years were critical and creative thinking in the curriculum, technology, communications, facilities, and space needs. (The Board Chair has written extensively on this space needs in his report).

Curriculum: In looking to the future, the community articulated a desire for students, in addition to the traditional content, to develop critical and creative thinking abilities. In April of the 1997/1998 school year the District began a training program with approximately one-third of the teaching staff. Monthly school newsletters were initiated, and the Staff Development Committee created a database for course work. A District Curriculum Committee began to address implementation of critical and creative thinking in the curriculum. The following year, 1998/1999, a second group of 34 staff members were trained in critical and creative thinking and infusing such strategies into the curriculum. A series of discussions began of how parents can support these efforts. In 1999/2000 and continuing into this year, the final cohort of training is underway. Teachers extended their efforts to promote critical and creative thinking in the classroom with the assistance and support from the previously trained staff. Assessment of critical and creative thinking by identified indicators

and the continuing sharing of strategies with one another continues. Monthly school newsletters included a column for sharing these efforts with parents in the community. In direct response from the articulated wishes of community members, Hampstead students are being taught strategies for critical and creative thinking that will prepare them to live and work in the future.

Communications Committee: In the last three years this committee has initiated a series of new methods to communicate events and successes of Central and Middle School students to the general community. Among the then newly initiated but now commonly accepted efforts were community newsletters, an increase in press releases, a series of parent training programs, and most recently, a holiday party for Hampstead alumni currently in high school. This past December over 150 high school students participated with great enthusiasm thus re-linking the Hampstead's schools with our graduates.

Technology: In 1997/1998 when we first began work on the technology Strategic Plan goal, our first efforts were adding computers to classrooms. Now, the average Middle School classroom has three computers. We also have a computer classroom in each school, several computers in the Library – all connected to the Internet for research. In the last three years we have offered with internal assistance, as well as outside consultants, 30 or 40 different computer classes including everything from simple keyboarding to web design. Over the last 3 ½ years of our Strategic Plan the staff has taken literally thousands of hours of staff training in technology. Our major goal now is to integrate the technology into the curriculum so that the hardware and software easily supports our curriculum goals. Reports from Pinkerton suggests that our graduates "push" Pinkerton curriculum and teachers in technology.

Facilities: The Board recently brought in an outside expert to evaluate our facilities maintenance programs. Following that critique we are restructuring some of our internal staff reporting making for a more efficient organization. Over the last three years in the Strategic Plan we have acted on our capital needs plan to maintain and improve our facilities. We are now in the process of using a computerized work order system. As the student population increases the stresses on our core facilities, we are striving to enhance our maintenance efforts.

At each Board meeting the agenda includes an update on the progress towards the District goals. Hampstead schools are an example of an organization with a clear vision for the future and specific goals to reach that vision.

PINKERTON ACADEMY REPORT

The year 2000 was an excellent one for Pinkerton Academy and for Hampstead students.

Awards and Recognition of Hampstead Students

The Academy's two National Merit Scholarship Semifinalists from the Class of 2000 are both Hampstead residents: **Eric Nothnagel** and **Alan Whitmore**.

Katherine O'Brien of the Class of 2000 graduated first in her class last June and is now attending Harvard University. **Mina Farkhondeh** of the Class of 2002 currently ranks first in her class of over 700 students.

*Class of 2000 Valedictorian and Vice President
Katie O'Brien and Class Secretary Candace Shea*

Eric Nothnagel was named the recipient of the prestigious Principal's Leadership Award and the winner of the annual Daughters of the American Revolution Good Citizen competition. Eric was also one of the eight students to represent Pinkerton at last summer's Boys and Girls State.

Alan Whitmore completed the prestigious St. Paul's Advanced Studies Program last summer. Alan studied Introduction to Chinese Language and Culture and completed the course as the Ranking Scholar.

Among recipients of the school's 2000 undergraduate awards were **Eric Nothnagel** (Clarkson University Leadership Award) and **Alan Whitmore** (The Dartmouth Book Award).

National Honor Society Members:

Seniors

Jayme McCune
Douglas McKenney
Eric Nothnagel
Kenneth Pavlini
Kerry Powers
Brian Scott
William Smith, Jr.
Elizabeth Stokinger
Alan Whitmore
Tracy Wilson

Juniors

Colby Burns
Gillian Fairchild
Mina Farkhondeh
Amy Kaye
Beth Mitchell
Kara Sanders
Kristin Sinitski
Evan Tsepas

The 140 members of the school's National Honor Society are each required to contribute 12 hours of community service as part of their membership. Among their projects were donations to the annual Toys for Tots Christmas drive and contributions to the Sunshine Soup Kitchen.

The Class of 2000
College Admissions and Post-secondary Information

Number of Graduates:	550
Number of colleges/universities/institutions accepting students from the class of 2000:	289
Number of students admitted:	41
6 and 5 year college/university majors:	278
4-year colleges/universities:	7
3-year programs:	70
2-year programs:	7
1-year programs:	
Total number of students entering post-secondary education programs:	401
Percentage of graduates pursuing post-secondary education programs:	73%

Senior Captain Liz Stokinger of Hampstead was the top runner for this year's girls cross country team. Liz earned All State and All New England honors as well as becoming the first Pinkerton girl's cross country runner in 21 years to win a major invitational. She was recently a recipient of an Athletic Academic Award from the New Hampshire Commission of the Status of Women. Other Hampstead team members include Sarah Hagen, Kim Huntington, Allison Pomykato and MacKenzie Dowdy.

Hampstead Middle School

Richard Fugere, Principal

The purpose of the Annual Report is to inform the citizens of Hampstead about what is happening in its schools, thus a "State of the Union Address" for the Middle School! To begin with, the school's enrollment is at an all-time high of 660 students, which includes the districts' special education preschool program. You probably are aware that we are overcrowded resulting in four eight-grade classes housed in portable classrooms. Also, one additional eighth grade teacher travels each period to a vacant classroom, such as the sewing room and art room. Our eighth grade students change classes every period causing over 100 students to move in or out of the building. We do not have lockers in the trailers for the students, therefore, the eighth grade students carry all of their belongings in backpacks creating additional space problems in classrooms. I do not want to dwell on these issues other than to say we need a new school!

Despite the problems with overcrowding, we continue to be gratified with the accomplishments of our students. This year the State Department of Education was able to rank the performance of school districts on the annual state assessment test given to third, sixth, and tenth graders. We were delighted to see that our sixth graders last year scored in the top 20% of the schools in the state in all academic areas. Our staff has been working hard for the last three years making curriculum revisions to align our curriculum and instruction to match the State's Frameworks for instruction, which are used to develop the assessment tests. We have improved the scope and sequence of instruction from grade to grade as well as focus on the areas to emphasize in the day to day teaching. The

end result is better student performance! Hampstead students who attend Pinkerton Academy and private high schools are very competitive. In fact Pinkerton Academy's top graduate last year was a Hampstead student.

One of the areas I am most proud of is the overall good behavior of our students. Whether they are in the school or on a field trip, our students are models of good behavior. Whenever our students leave the school for an educational field trip, time and time again, adults approach our teachers and chaperones and ask where they are from and commend our students for their behavior. This is a tribute to their upbringing at home and in school.

One of the goals of the middle school is to provide a physically and psychologically safe environment. The Middle School Crisis Management Team under the direction of Assistant Principal Anna Parrill has worked hard to make certain our school is secure. The team has produced a Crisis Management handbook of procedures that address every conceivable situation. The team has met numerous times with Police Chief Beaudin, Fire Chief Hastings, Officer Childs, and Civil Defense Charles Kinney, to coordinate our efforts.

New this year was the establishment of a foreign language program. The students in grades six through eight are receiving Spanish instruction three times a week for twelve weeks. The fifth graders have Spanish one day a week through the year.

From all reports, the program is a huge success. The students leave the room enthusiastically spouting out new Spanish vocabulary! Our plan was to

hire a second language teacher to offer a full year of two languages to the eighth grade. However, because of our lack of space and our budget constraints, we have delayed the expansion for another year.

In closing, it is fitting that we recognize some of our accomplishments: our Volunteer Program has received a "Blue Ribbon Award" for the seventh consecutive year, Ray Flaherty was selected NH Technology Teacher of the Year last year, Anna Parrill was selected one of the three outstanding Assistant Principals of the Year, Teri Blouin was runner up as NH Technology Director of the Year, our

student technology aides presented a workshop at the Christa McAuliffe Technology Conference, our Crisis Management Plan is used as a state model, the Peer Mediation Program is a state model, Mr. Wilmot's completing 35 years of service, Mr. Flaherty is completing 30 years of service, and finally our PTA continues to provide thousand of dollars to support our programs.

As always, the doors of the Middle School are open to you. Come by to visit your wonderful school!

Richard Fugere
Principal

Invention Convention

Science Project

Hampstead Central School

Dillard Collins, Principal

The past year has been a series of peaks, valleys and mysteries. We have experienced the joys and excitement of learning and growth. We have also lost cherished members of our community.

This past summer a significant number of Hampstead educators and community members worked hard for a full week at the New Hampshire Best Schools Leadership Institute. This team set forward an ambitious agenda to revise the Strategic Plan, report card and assessment process. The new strategic plan is near completion, the new assessment practices are underway and the report card will be modified gradually over the next couple of years. The BSLI team has helped the district make significant advances. We hope to make a very good school an even better school.

Third grade students participate every May in the annual New Hampshire Educational Improvement and Assessment Program (NHEIAP). These state tests are designed to measure students' knowledge in English Language Arts and Mathematics and their ability to apply that knowledge. They contain multiple-choice questions, open-responses requiring students to develop their own answers, and a writing assignment with students determined to be Advanced, Proficient, Basic, or Novice in the two areas tested. Our school uses this information to engage in discussions about school-improvement efforts, curriculum, instruction, and professional development.

Over the past year, the state has used the Internet to release enormous data comparing school districts. You can find a lot of the data at <http://www.ed.state.nh.us>. In comparing our students' scores to the state as a whole, again this year Hampstead students continue to score very high. We have more children above the Advanced and Proficient levels with fewer students at the Basic and Novice levels than the state. Our students are scoring in the top rankings, and are usually a matter of a couple of points from the top of the list. This is another indicator that our students are learning and achieving at a high level. This is

a positive reflection of the schools and families in Hampstead.

A major theme at Central School this year is "mysteries". We have a series of educational experiences within each classroom and school-wide. The most recent event is the mystery found on our internal website for the children. There are also many other events happening throughout the school year. We have scheduled a February 14 Mystery Museum for the entire school to display a series of mysteries from all of our classrooms.

Technology at Central School has finally taken off with some major efforts from staff and community. We now have Internet in virtually every room of the school. Staff is using e-mail to communicate with each other and families. We now have a small 12-workstation computer lab for introductory computer lessons with our Computer Integration teacher. We also have a series of web sites for the world to view our excellence in Hampstead. Technology has improved the learning of our children, while improving our communication with families. Check out your valuable asset at <http://hcs.ne.mediaone.net>.

We have bid farewell to three special people we have lost in our school community. Last fall, we were shocked at the untimely accidental death of fourth grader Geoffrey Yannalfo. We were again saddened at the Christmas-time passing of school board member, Beverly Goodridge. A few days later, we gathered again to say good-bye to Cailey Delahanty, Readiness student. These special people are a reminder of the precious moments we need to share today. They also leave an indelible reminder of the happiness an individual can leave with those they have touched. All three were very happy people surrounded by families that are a reflection of love and support. The families have been a source of strength for the community as we move on. On behalf of HCS we extend our condolences, and thanks for all they have given us.

We do want to send our retirement wishes to Marion Lake and her husband Al Lake. Al has taught many years at Salem High School, and

also served a number of years on the Hampstead School Board. Marion has taught 19 years at the Central School in first and second grade classrooms. They are a wonderful couple and have given a lot to the community over the years. We wish them the best of health and happiness as they enter the next phase of life called retirement.

One of the big questions for the community over the past few years, is the growth and enrollments in the schools.

- The problem: We do have 6 HCS classrooms outside of the main buildings, in trailers on playground areas. We have maximized the use of our gym and cafeteria. To put it simply, we over-using a facility that is has nearly 100 children more than the design can handle. The middle school has similar issues.
- The solution: Numerous community members and the school board have developed a new restructuring proposal. If the proposal is approved, the district will end up with three schools. The new school along with restructuring and a new public kindergarten program will offer a significant improvement.

Please give careful consideration to the proposals presented to the voters. It is improbable to find a space solution that is perfect in the minds of everyone. Hopefully the community is ready to find a solution that all can find acceptable.

We want to send thanks to our volunteers at the Central School. Our school has been honored for 10 consecutive years with the NH Partners in Education Blue Ribbon Award. This award is for excellence in volunteer work within a school, including over 10,000 hours of volunteer work. Our leaders last year were Jaye Dimando, Laurie Russell, Linda Swymer and Lori Szostkiewicz.

We also would like to highlight the work of Hampstead resident and volunteer Maurie Worthen. He is a professional firefighter (and

Hampstead Volunteer) that has been volunteering for 16 years at HCS. His volunteer efforts have included fire prevention and safety programs in our schools. Maurie was nominated for and received the Southeast NH Regional and State level Champions for Children Award, sponsored by the NH School Administrators Association.

In closing, we are asking for stories about the Central School. A few of you remember when the school was rebuilt and opened over 50 years ago. Many have been around during the numerous additions and know a lot of the history. The building has many memories and stories in those aging walls and of course the playground. There are many stories that some have shared as recent as the past few years, and more stories going back many years or decades. How many of you even know where and why we have a "rock room"? If you have a story about the Central School that you would be willing to share, send us a letter or email and we will share it with our students and the community through our web site. This will be a new part of our Central School Mysteries page. This will help us chronicle an import piece of Hampstead history.

Send your stories to:
collinsd@hampstead.k12.nh.us

It is an honor to work with such a dedicated staff. They are a dedicated group working to provide a quality education for your children. The wonderful lessons, high test scores and happy children are a testament to their hard work.

On behalf of all the staff at Central School, we send our thanks for your support. We also thank you for sending nice children to all of our classrooms.

*Dillard Collins
Principal*

Community Thank You !

The Hampstead Middle School and Hampstead Central School are most appreciative of the generosity of citizens, organizations, and businesses as they help us maintain and improve the quality of our schools. We gratefully acknowledge donations we have received from the community during the past year.

2001 Warrant March 13, 2001

➤ Article 1 - Election of Officers

To choose the following school district officers:

School Board Member	1-year term
School Board Member	3-year term

➤ Article 2 – Bond Issue

Shall the Hampstead School District vote to raise and appropriate the sum of \$8,328,760 for construction and original equipping and furnishing of a new primary school (preschool through grade 2) to include a library, cafeteria, gymnasium, and classrooms.

Further, to authorize the issuance of not more than \$8,128,760 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon;

Further to authorize the expenditure of up to \$200,000 from money to be gained from the short term investing of the proceeds from the bond sales for the project and authorize the School Board to take any and all actions necessary to carry out any vote hereunder or take any other action relative thereto.

Furthermore, shall the Hampstead School District vote to raise and appropriate the sum of \$230,069 to pay the first interest payment due on the borrowing authorized above.

(60% vote required)

(The actual cost to tax payers is \$5,630,132 plus interest on the bond. The \$8,328,760 proposal is offset by \$2,498,628 from State Building Aid and \$200,000 in interest on investments)

Recommended by the School Board
Recommended by the Budget Committee

➤ Article 3 - Land Purchase

Shall the Hampstead School District vote to raise and appropriate the sum of \$475,000 for the purchase of approximately 36 acres of land located at Depot Road in Hampstead, said land to be used for a future primary school building.

(When a school is built on this land, the \$475,000 will be offset by \$142,500 from State Building Aid)

Recommended by the School Board
Recommended by the Budget Committee

➤ Article 4 - Land Swap

Shall the Hampstead School District authorize the School Board to convey to the Town of Hampstead Conservation Commission an approximate 18 total acre portion of Tax Map 1 lots 39 and 43 off Depot Road, and authorize the School Board to accept the conveyance of an approximate 9 acre portion of Tax Map 1, lot 42, free of conservation restrictions, subject to the School District receiving a title certificate or opinion that the land to be conveyed by the Town to the School District has marketable title, and that the conveyance of the School District of said portion of Tax Map 1 lots 39 and 43 does not violate any restriction or condition whereby the School District acquired said land.

Article 4, continued

(This article permits a land swap between the School District and the Hampstead Conservation Commission for property on Depot Road)

Recommended by the School Board

➤ **Article 5 - 2001-2002 Budget**

Shall the Hampstead School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$15,616,058. Should this article be defeated, the operating budget shall be \$15,531,816, which is the same as last year, with certain adjustments required by previous action of the Hampstead School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: Warrant Article 5 (Operating Budget) does not include appropriations proposed under any other warrant articles).

Recommended by the School Board

Recommended by the Budget Committee

➤ **Article 6 - Hampstead Support Personnel Association NEA-NH Contract**

Shall the Hampstead School District vote to approve the cost items included in the collective bargaining agreement reached between the Hampstead Support Personnel Association NEA-NH and the Hampstead School Board which calls for the following increases in salaries and benefits:

Cost Distribution

	2001-2002 Year 1	2002-2003 Year 2	2003-2004 Year 3	2004-2005 Year 4
Salaries	\$31,864	\$24,657	\$30,680	\$31,234
FICA	2,438	1,886	2,347	2,389
NH State Retirement	1,423	1,101	1,370	1,395
Insurance	24,833	25,745	29,562	33,945
Custodial Uniforms	6,370	319	337	350
Total	\$66,928	\$53,708	\$64,296	69,313

and further to raise and appropriate the sum of \$42,095 for the 2001-2002 fiscal year, such sum representing the increase in salaries and fringe benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

(Under State law, the School District must maintain current insurance benefits if the contract is not approved by the voters. The cost of insurance therefore, while shown above, is budgeted in the operating budget in Article 5 rather than Article 6)

Recommended by the School Board

Recommended by the Budget Committee

➤ **Article 7 – Authorization for Special Meeting on Cost Items**

Shall the Hampstead School District, if Article 6 is defeated, authorize the Hampstead School Board to call one special meeting, at its option, to address Article 6 cost items only.

Article 7, continued

(Without this Article, the District would have to petition Superior Court for a Special School District Meeting. This saves the District the expense of attorney fees and court costs)

Recommended by the School Board

➤ Article 8 – Public Kindergarten

Shall the Hampstead School District vote to operate a public kindergarten program beginning in the 2002-2003 school year and raise and appropriate the sum of \$170,270 to construct and equip a building to house a kindergarten program; and further raise and appropriate the additional sum of \$510,811 for the same purpose and authorize the District to apply for, accept and expend \$510,811, the kindergarten building aid to offset this appropriation. This Article is contingent on Article 2 passing. This Article is further contingent on the receipt of State Kindergarten Aid.

(This article authorizes the construction of a kindergarten to be paid for in one year from funds to be raised by the District in the amount of \$170,270 and from state aid in the amount of \$510,811. In addition, over a period of five years, the District will receive \$51,081 additional dollars in State Building Aid reducing the final cost of kindergarten to \$119,189)

Recommended by the School Board

Recommended by the Budget Committee

Article 9 - General Acceptance of Reports

Shall the Hampstead School District accept reports of agents, auditors, and committees as written in the 2000 Annual Report.

Recommended by the School Board

Hampstead School Board

INDEPENDENT AUDITOR'S REPORT

**PLODZIK & SANDERSON***Professional Association/Accountants & Auditors*193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX 224-1380

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Hampstead School District
Plaistow, New Hampshire

We have audited the accompanying general purpose financial statements of the Hampstead School District as of and for the year ended June 30, 2000 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Hampstead School District as of June 30, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Hampstead School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Hampstead School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

August 24, 2000

Official Election Results March 14, 2000

Article 1 - Election of Officers

Moderator	2-year term	Neil Reardon
School Board Member	3-year term	Roger Wells
School Board Member	3-year term	Mary White

Article 2 – Bond Issue

Failed Yes - 850 No - 1409

Shall the Hampstead School District vote to raise and appropriate the sum of \$6,495,000 for construction and original equipping and furnishing of a new intermediate school (grades 4 and 5) to include a library, cafeteria, gymnasium, and classrooms, and for the renovation and improvement of existing Robert P. Little School fields, drainage work, and access road.

Further, to authorize the issuance of not more than \$6,495,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon.

Furthermore, shall the Hampstead School District vote to raise and appropriate the sum of \$202,000 to pay the first interest payment due on the borrowing authorized above.

(60% vote required)

Article 3 - 2000-2001 Budget

Passed Yes - 1332 No - 839

Shall the Hampstead School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$13,897,324. Should this article be defeated, the operating budget shall be \$13,585,362 which is the same as last year, with certain adjustments required by previous action of the Hampstead School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: Warrant Article 3 (Operating Budget) does not include appropriations proposed under any other warrant articles).

Article 4 – Hampstead Association of School Staff Contract

Passed Yes - 1527 No - 697

Shall the Hampstead School District vote to approve the cost items included in the collective bargaining agreement reached between the Hampstead School Board and the Hampstead Association of School Staff which calls for the following increases in salaries and benefits:

Cost Distribution

	2000-2001 Year 1	2001-2002 Year 2	2002-2003 Year 3	2003-2004 Year 4
Salaries	\$47,518	\$47,787	\$46,144	\$47,840
FICA	3,748	3,776	3,561	3,808
NH State Retirement	729	654	620	652
Service Recognition	1,467	1,570	398	1,950
Professional Growth	1,250	600	650	0
Sick Leave/Disability	5,830	636	523	558
Total	\$60,542	\$55,023	\$51,896	\$54,808

and further to raise and appropriate the sum of \$60,542 for the 2000-2001 fiscal year, such sum representing the increase in salaries and fringe benefits over those of the appropriation at current staffing levels in the prior fiscal year.

Article 5 – Authorization for Special Meeting on Cost Items

Passed Yes - 1636 No - 530

Shall the Hampstead School District, if Article 4 is defeated, authorize the Hampstead School Board to call one special meeting, at its option, to address Article 4 cost items only.

Article 6 – Modular Classroom

Passed Yes - 1589 No - 621

Shall the Hampstead School District vote to authorize the school board to enter into a 3-year lease/purchase agreement for the purpose of leasing, furnishing, and equipping four portable classrooms, and to raise and appropriate the sum of \$156,300 for the first year's payment for that purpose. This lease agreement contains an "escape" clause.

Article 7 – Pinkerton Academy Tuition Agreement

Passed Yes - 2031 No - 200

Shall the Hampstead School District vote to approve a Tuition Agreement between the Hampstead School District and Pinkerton Academy, as negotiated by the Hampstead School Board, which provides for an initial term beginning on July 1, 2000 and ending on June 30, 2012 and continuing thereafter, unless terminated by either party, upon seven (7) years prior written notice; and, further to authorize the Hampstead School Board to submit the Agreement to the State Board of Education for approval pursuant to RSA 194:22; and to authorize the Hampstead School Board to take all such other and further acts to give effect to this resolution, including the adoption of minor amendments to the Agreement, from time to time during its term, without further action of the School District meeting.

Article 8 – Change Name of School - By Petition

Passed Yes - 1255 No - 956

Shall the Hampstead School District vote to change the name of the Robert P. Little School back to the Hampstead Middle School and instruct the Hampstead School Board that the Hampstead School District must vote any school name change?

Article 9 - General Acceptance of Reports

Passed Yes - 1952 No - 196

Shall the Hampstead School District accept reports of agents, auditors, and committees as written in the 1999 Annual Report.
